Dear Curtis,

Representative Wagner sent a letter to EPA Region 7 concerned about the timeline for an isolation barrier to be created between the smoldering landfill fire and radioactive wastes. The elected officials also want an update on when EPA Region 7 will contract with the St. Louis Army Corps of Engineers Formerly Utilized Sites Remedial Action Program at West Lake.

2. **July 18:** EPA Region 7 responded to clarifying questions MCE asked regarding various issues at West Lake.
3. **July 21:** EPA Region 7 staff stated at the Community Advisory Group (CAG) meeting that the Bridgeton Municipal Athletic Complex testing will be available by the end of the month. Stay tuned for the data to be released any day.
